

Pioneer Camp Manitoba Site Manager

Are you an energetic project leader who loves physical maintenance and development of a site? Do you love empowering a team to accomplish a mission? Do you thrive in the great outdoors?

If you answered yes, we'd love to meet you and discern together if God is calling you to become the next Site Manager at Pioneer Camp Manitoba.

Established 81 years ago on MacKinnon Island, Shoal Lake, the camp is just across the Manitoba border in northern Ontario. We are honoured to be on Treaty 3 Territory, the traditional lands of the Anishinaabe, and the homeland of the Metis Nation. We are grateful for the relationship with our neighbours, Iskatewizaagegan #39 Independent First Nation and Shoal Lake 40 First Nation. Every summer, we welcome hundreds of campers aged from 7 to 15 along with a solid team of staff and volunteers to MacKinnon Island. In spring and fall we serve guests from schools, churches and other organizations. In the winter months, the core team operates from Winnipeg.

Wilderness canoe trips, creation care, Christian discipleship and leadership development are core aspects of our programming. The camp operates in late spring, summer and early fall. The off-season office is in Winnipeg.

Primarily, the Site Manager coordinates all day-to-day site and infrastructure (non-program) sites at the camp. As a member of the year-round Manitoba Pioneer Camp team, the Site Manager also contributes to other program components of camp as needed.

Together, the whole team is committed to providing children, youth and young adults with fun, creative and adventurous experiences that lead to encountering God in creation and in community. We are grateful for our history and excited about the future.
